Subject: Your application: HWC 2010-2011 partnership offer

Dear Mr Jovanovic,

I am very pleased to inform you that your application to become an official partner of the Healthy Workplaces Campaign 2010-11 on Safe Maintenance has been accepted.

This means that in the coming one and a half years your organisation and the European Agency for Safety and Health at Work (EU-OSHA) will be working closely together to promote our common goal that is to keep workplaces functioning safely and efficiently.

The Campaign was officially launched on 28 April 2010 by László Andor, EU Commissioner for Employment, Social Affairs and Inclusion. In the next eighteen months hundreds of events will be organised around the theme of safe maintenance (especially during the annual European Week for Safety and Health at Work in October 2010 and 2011) and millions of information sheets, DVDs and other pieces of Campaign material will be made available for free.

You will shortly receive our Campaign Partner Welcome Pack, which consists of a selection of our brand-new Campaign material (including the Campaign Guide, NAPO DVDs, posters, Campaign pens and other give-aways). We will also shortly contact you concerning your partner profile to be published on our Campaign website at <http://hw.osha.europa.eu>.

If you should have any further questions concerning the partnership offer, please do not hesitate to contact EU-OSHA's Campaigns Manager Ms Heike Klempa (klempa@osha.europa.eu). If you have any questions related to the technical and logistical aspects of the Campaign, please get in touch with euoshapartners@media-consulta.com.

We are looking forward to cooperating with you.

Yours sincerely,

Jukka Takala
Director
European Agency for Safety and Health at Work
